

Adapter for Jefftron trigger installation

- apply glue on the green part of hair trigger adapter
- push adapter from top to bottom with no space between adapter and the trigger
- Right position is when top part of the adapter is in line with the top of the trigger and it is locked

- Adapter in place over the Scylla-V2 etu

Adapter has to be installed by an expert. He must know how to disassemble the replica.

Warranty does not cover: water immersion, defects or damage from accident, misuse, abuse, wrong installation, bad handling, any modification by user.

Exclusion of liability: Manufacturer Ing. Filip Němec is not liable for any damages, injuries or accidents of any kind resulting from the use of this product in the airsoft gun.
